CAREER OBJECTIVE

Seeking an opportunity to work for an organization to have a platform to learn and explore new technologies and to improve my skills.

EDUCATION

Degree/Grade	Institution	Score
B-tech IT (CTIS)	CMR University - Bagalur	8.95/10 CGPA (2023)
P.U.C	Seshadripuram PU college - Bangalore (PU board)	68% (2019)
S.S.L.C	St. John's English School (State board)	73.6% (2017)

EXPERIENCE

We did a group project that was conducted by the college at hand and successfully completed the task with a well deserving mark. Every group project we did I was the group leader as I have the confidence to lead any group with my knowledge.

Projects:

- **PHYSICAL SECURITY TO DATA CENTER USING SMART DOOR LOCK SYSTEM** (Complete simulation): This project was about showing how exactly physical security is adapting to the new technology in authentication for all the fields of data security.
- **HOSPITAL MANAGEMENT SYSTEM** (php XAMPP): In this project we built a database using XAMPP Software and monitor those data sets, giving an appointment, registering and so on.
- **REMOTE CONTROL DOG BOWL FILLER**: In this project I developed a product using electronics devices and made a dog food bowl filler, that is whenever the dog gets hungry and starts to bark you can just use the remote and fill the dog bowl with dog food whenever you want.

TECHNICAL SKILLS

DBMS
C programming
Java
Python
